

Scottish Bagpipe Solo Performance: Bagpipes

SCQF level 6

Unit Code: F7P5 12

80 hour Unit

What are the Scottish Bagpipe Qualifications?

These are Scotland's Piping and Drumming Qualifications Board (PDQB) standards, based on the College of Piping and National Piping Centre Tutor Books and the Royal Scottish Pipe Band Association Structured Learning Manuals 1-3. They have been developed as an introduction to the finger movements and embellishments required to play the Scottish Bagpipe.

The Scottish Bagpipe is an ancient instrument and competence demands a variety of performance techniques. To be able to play a Scottish Bagpipe competently an understanding of musical theory, tuning, rhythm, melody, harmony, and musical ornamentation is essential.

The Bagpipe is synonymous with Pipe Bands and through diligent study and practice you will achieve a standard of playing which allows you to play individually or as part of a Pipe Band.

What is this Scottish Bagpipe Unit about?

In this Unit you will develop practical skills to be technically competent on the Practice Chanter and Bagpipes to a high level of proficiency. There are six study areas as follows:

- | | |
|--------------|--|

| Study area 2 | Show skills in sight-reading Bagpipe music. |

| Study area 4 | Perform a programme of Bagpipe music. |
| Study area 5 | Tune the Bagpipes accurately |

On completion of the Unit you should be able to perform exercises and music as a Solo Piper, displaying correct technique. If there is anything in this Unit you don't understand, ask your tutor to explain it to you.

Guidance for tutors

This Unit is intended for learners who wish to develop a high level of proficiency on the Practice Chanter and Bagpipes, and extend their understanding of Scottish Bagpipe music. There are six areas of study covering performing Piobaireachd movements on the Practice Chanter, demonstrating Bagpipe music sight-reading skills, demonstrating an understanding of rhythm using monotones, performing a programme of Bagpipe music, tuning of Bagpipes, and demonstrating skills in marching and deportment. On completion of the Unit the learner should be able to perform exercises and music as a Solo Piper, displaying correct technique.

Tutors and instructors will find comprehensive supporting material in relevant publications such as the College of Piping and National Piping Centre Tutor Books, the Royal Scottish Pipe Band Association Structured Learning Manuals 1-3 or similar learning materials available from other Piping or Pipe Band organisations. Assistance is also available from the Piping and Drumming Qualifications Board in the form of sample test papers covering aspects of the Scottish Bagpipe Solo Performance assessment. These are available for use as part of instructional programmes or for candidates who wish to take the assessments direct.

This Unit may form part of a Group Award in, for example traditional music, but can be offered on a standalone basis. The Unit may be delivered in a variety of ways from direct teaching/training courses, or practical workshop sessions. It may also be possible to deliver using computer-based distance learning programmes for personal study.

Assessment will follow assessment procedures approved by the Piping and Drumming Qualifications Board. These procedures provide sample test papers in theory and practical aspects of the assessments, which are available for use as part of instructional programmes or for candidates who wish to take the assessments direct.

All assessment must be carried out in front of an approved Assessor either as individual assessments or combined in a single assessment event/performance.

An Assessment Support Pack has been produced for this Unit exemplifying assessment methods and to ensure standards are maintained. This pack includes example Assessor observation checklists.

Core Skills

There is no automatic certification of Core Skills or Core Skill components in this Unit.

Disabled candidates and/or those with additional support needs
